1999 BC Student Outcomes: Summary of Survey Results by Program Area

March 2000

OWG
Outcomes Working Group

This report is part of a series of publications based on the 1999 BC College and Institute Student Outcomes Survey. The reports are produced under the direction of the British Columbia Outcomes Working Group (OWG).

Below is a summary of the 1999 publications:

The Highlights	This 4-page bulletin provides a high level summary of selected 1999 survey results. **Format: print publication and at www.ceiss.org**
1999 Key Student Outcomes Indicators for BC Colleges and Institutes: Survey Results by Institution (KOI)	This report provides a summary of survey results **by institution**. Student Outcomes results for each of the 21 public colleges and institutes are presented along with summary information for all institutions combined. The data tables cover former student attributes, their level of satisfaction with their education and their further education and employment outcomes. **Format: print publication and pdf document at www.ceiss.org**
1999 BC Student Outcomes: Summary of Survey Results by Program	This summary report contains a high-level overview of the survey results, as well as survey results **by program type and program area**. The report presents the results for each program with a mix of numerical tables and graphics. Data on the following themes are presented: respondent attributes; employment and continuing education outcomes; satisfaction with skill development and college experiences and relation of studies to employment outcomes. **Format: print publication and pdf document at www.ceiss.org**
1999 BC Student Outcomes: Survey Results by Detailed Program – web only	This report contains survey results **by program type, program area and field of study**. The report presents the results for each program with a mix of numerical tables and graphics. Data on the following themes are presented: respondent attributes; employment and continuing education outcomes; satisfaction with skill development and college experiences and relation of studies to employment outcomes. **Format: pdf document at www.ceiss.org**
1999 BC Student Outcomes: Job Destinations of Former College and Institute Students (JDR) – web only	This report provides a detailed description of the kinds of jobs obtained by former students. The report presents the data in two views. The first view answers the question: in what occupations were students who exited from a particular field of study employed? The second view answers the question: from what field of study did students who found employment in a certain occupation come? **Format: pdf document at www.ceiss.org**
1999 BC College and Institute Student Finances	Each year the OWG produces a report that provides a more in-depth look at a particular group of students. The 1999 report focuses on student finances. **Format: print publication and pdf document at www.ceiss.org**

Note: students entering the post-secondary system will be able to use Outcomes information to help them make their program selections by visiting the Opening Doors web site, available through www.ceiss.org in spring 2000.

Please contact the Centre for Education Information at (250) 413-4400, or Tony Eder at teder@ceiss.org, for more information about Student Outcomes publications.

1999 BC Student Outcomes: Summary of Survey Results by Program Area

SECTION A: OVERVIEW

About the Student Outcomes Survey Project

The BC College and Institute Student Outcomes Survey Project collects and disseminates information about former students' post-secondary experiences and their subsequent labour market and further education transitions. The Student Outcomes survey is administered annually to a number of former students of public colleges and institutes in British Columbia. The findings serve to guide educational choices for future students, to help in assessing the success of the college and institute system in achieving its mandate, and to provide a solid basis for educational planning decisions.

This report is based on the Student Outcomes Survey conducted in the Spring of 1999. Former students were contacted by telephone 9-12 months after completing all, or a significant portion, of their educational program. Input was received from 16,681 former students from 21 public colleges and institutes; this represents 49 percent of the targeted 33,852 former students[1].

Participating Institutions:

British Columbia Institute of Technology (BCIT)
Camosun College (CAM)
Capilano College (CAP)
College of New Caledonia (CNC)
College of the Rockies (COTR)
Douglas College (DGL)
Emily Carr Institute of Art and Design (ECIAD)
Justice Institute (JINST)
Kwantlen University College (KWN)
Langara College (LANG)
Malaspina University-College (MAL)
Nicola Valley Institute of Technology (NVIT)
North Island College (NIC)
Northern Lights College (NLC)
Northwest Community College (NWCC)
Okanagan University College (OKN)
Open Learning Agency (OLA)
Selkirk College (SEL)
University College of the Cariboo (CAR)
University College of the Fraser Valley (FVAL)
Vancouver Community College (VCC)

The project is conducted with funding from the Ministry of Advanced Education, Training and Technology, and British Columbia's public colleges and institutes. The British Columbia Outcomes Working Group (OWG) oversees all aspects of the project, from data collection through to the reporting of survey results. The OWG is a decade-old partnership between colleges and institutes and system bodies, such as the Ministry of Advanced Education, Training and Technology, the Advanced Education Council of British Columbia and the BC Council on Admissions and Transfer.

[1] See Appendix 2 for response rates by institution.

Purpose of the Report

This report highlights the survey findings and presents results **by program type and program area**.

How to Use the Tables

A three-page template displays information for collections of programs of similar content and duration delivered by any of the 21 institutions involved. The following information is presented for each program grouping:

- description of respondents;
- employment outcomes, i.e., labour force participation, nature of employment (part-time vs. full-time, permanent vs. temporary), and salary;
- further education outcomes;
- student evaluations of preparation in employability skills, quality of college experiences (such as teaching, library materials, etc.), and overall satisfaction with studies;
- labour market experiences, e.g., the length of job search, and the 10 most common training related occupations entered.

In this report, provincial totals are provided first, followed by totals for Applied programs, Arts and Sciences programs and Adult Basic Education programs.

Changes from Last Year

The following changes have been made to the layout and content of the 1999 edition of the BC Student Outcomes: Summary of Survey Results by Program Area:

- The training-related questions were asked of respondents who were currently employed, as opposed to last year's where it was only asked of respondents who indicated that their program was not intended to lead to further studies.
- A number of indicators in the College Experience section were not reported since they were not asked in the 1999 survey. The missing indicators are Library Services, Study Facilities on Campus, Program & Career Counseling, Places for Campus Socializing and 'How often respondent did things with other students outside of class'.
- Students were not asked if they experienced transfer problems in the 1999 survey, therefore that percentage is not reported in the tech tables.
- Students were not asked if their current job was related to previous work experience or how their main job was found in the 1999 survey.

Key Findings

This section provides an overview of some of the key findings from the 1999 BC College and Institute Student Outcomes Survey.

Respondent Profile

Demographics

At the time of the interview, former students ranged in age from their late teens to their early seventies, with a median age of 25 years.

Female students made up about 55% of all former students surveyed. Arts and Sciences programs had a higher concentration of female students (60%) than Applied programs (52%).

Original Objective

Thirty nine percent of respondents enrolled in their college or institute program to attain job skills; whereas 34 percent enrolled with an objective of obtaining a degree and 20 percent stated both degree attainment and job skills as their objectives for enrolling. Applied program respondents tended to emphasize job skills as their main reason for enrolling (53%), while respondents from Arts and Sciences emphasized degree attainment (60%). About 84 percent of respondents either "completely" or "mostly" met their objective for enrolling.

Previous Education

Ninety percent of respondents had completed high school prior to enrolling in their college or institute; six percent of respondents had completed a university degree.

Employment Outcomes

Labour force participation

After completing their educational program, the majority of students joined the labour market; 85 percent of respondents were participating in the labour force when interviewed. The labour force includes people who are either working or looking for a job. For former students from career-oriented, or Applied programs, the labour force participation rate was 92 percent.

Employment

Seventy one percent of all respondents were employed. Of those in the labour force, 61 percent were employed full-time, 23 percent were employed part-time and 17 percent were unemployed.

Relation of Studies to Employment

One indicator of the utility of programs designed to prepare students for job entry is the degree to which respondents consider their current job to be related to their educational training. Of respondents who were in the labour force, 51% were in a training-related job whereas 77% of respondents from Applied programs who were in the labour force found training related employment.

Eighty six percent of respondents from Applied programs said their training was either "somewhat" or "very" useful to them in getting their job; 81 percent said it was "somewhat" or "very" useful to them in performing their job.

Further Education Outcomes

Forty seven percent of respondents continued their education in the first year after leaving their college or institute program. At the time of the interview, 31 percent of respondents were continuing their studies. Ten percent of these were continuing at a BC college or institute and 16 percent had transferred to a BC university. The rest were studying outside the province or through professional organizations or private training institutions in the province.

Respondents from Arts and Sciences programs were the most likely to continue their formal education; 60 percent were enrolled in further studies at the time of the interview, compared with 26 percent of Adult Basic Education and 20 percent of Applied program respondents. Over half of respondents from all three program areas (Applied, Arts and Sciences and Adult Basic Education) who continued their studies felt "very well prepared" for further studies.

College Experiences and Skill Development

Respondents gave high marks to most of their educational experiences. On a five-point scale (very good, good, adequate, poor, very poor), 39 percent rated the quality of teaching "very good", 44 felt it was "good" and 14% percent rated it "adequate", while only 3% and 1% rated the quality of teaching as "poor" or "very poor" respectively. When asked about the availability of instructors outside of class, 78 percent gave either a "very good" or "good" rating.

Respondents were very positive about the opportunity they were provided to develop skills in the areas of team work and problem solving. While Arts and Sciences respondents gave the highest marks to reading and comprehension, Applied and Adult Basic Education program respondents rated teamwork the best developed skill. Computer and entrepreneurial skills were identified as areas in which students were not well prepared.

Overall Satisfaction

Eighty four percent of former students indicated that they were either "completely" or "mainly" satisfied with their studies.

1999 BC Student Outcomes: Summary of Survey Results By Program Area

SECTION C:
APPENDICES

Appendix 1
Glossary of Terms

Adult Basic Education programs	Adult Basic Education programs are defined as those that provide education in predominantly "academic" subjects at the secondary school level or below. Operationally, ABE programs are defined to include students who have taken at least three courses that are included on the BC Articulation Grid.
Applied programs	Applied programs include all programs that are designed to lead to employment in a relatively specific field. For this survey, they include programs of 0 - 6 months duration, 7 - 12 months duration and 13 - 36 months duration, and the upper division of applied baccalaureate programs. All applied programs, e.g., engineering, business, nursing, education, social work, and criminology, are included regardless of whether the courses in the programs carry transfer credit.
Arts and Sciences programs	Arts and Sciences programs include programs which lead to a 2-year associate degree or a 4-year baccalaureate degree or programs consisting of courses in the liberal arts, humanities, social or physical sciences.
CIP codes	The Classification of Instructional Programs (CIP) is a comprehensive taxonomy of programs of instruction based on subject matter. It was developed by the US National Center for Education Statistics (NCES). It is becoming an accepted standard for the classification of post-secondary education programs in Canada.
Cohort population	The 21 participating colleges and institutes identified 33,852 *former students* for participation in the survey. These students completed all, or the majority, of their program of study and left their program at some point between July 1st, 1998 and June 30th, 1999.
Employed	Employed respondents are those who were working at a job or business at the time of the telephone interview.
Field of study	Institutionally defined programs are standardized to an instructional program classification (*CIP code*) and a standardized level of studies (*program type*). The combination of these two standardized elements defines a field of study, which is a grouping of similar college and institute programs.

Former students	This is the group of students who are included in the survey population. To be included in this group, students must have: ➢ earned a certificate or diploma; OR ➢ completed 75% of the credits required for a two year applied program; OR ➢ completed 100% of the credits required for a one year applied program; OR ➢ completed at least 24 credits of an arts and sciences program; OR ➢ completed at least 3 ABE courses; **AND** ➢ not been enrolled in their college or institute program between July 1st, 1998 and February 1, 1999.
Institutionally defined programs or college programs	The instructional programs offered by each institution. These were standardized into Classification of Instructional Program (CIP) codes and Program Types.
Labour Force	The labour force includes people who are employed and those who are not employed, but who are looking for work.
National Occupation Classification (NOC)	The National Occupation Classification is a systematic taxonomy of occupations in the Canadian labour market. Please refer to Appendix 4 for additional detail.
Out-of-scope	"Out-of-scope" former students were students whose interview ended during the initial screening questions because they either did not attend the program or the institution, or who were still in the same program; or those student records that were duplicates.

Program area

Subject matter groupings of instructional programs according to the first two digits of the six digit CIP code. The 16 program areas used in this report are:

Adult Basic Education and Basic Skills
Agriculture, Natural Resources & Science Technologies
Arts and Sciences
Business and Management
Communications
Computer and Information Services
Construction and Precision Production
Education and Library Science
Engineering, Electrical and Electronics
Health Related
Legal and Social
Mechanical and Related
Nursing
Recreation, Tourism, Hospitality and Service
Transportation
Visual, Performing and Fine Arts

Program type

This is a classification of institutionally defined programs that reveals the level of studies:

0-6 months. Programs of less than 6 months duration. These programs may require secondary school completion or equivalent for entry, or some other prerequisite. They may award a credential.

7-12 months. Programs between 7 and 12 months duration. These programs may require secondary school completion or equivalent for entry. They may award a certificate. They are not eligible for university credit.

13-36 months. Programs between 13 and 36 months duration. These programs require secondary school completion or equivalent for entry. They may be eligible for some university credit. They may award diplomas.

Lower division. These are courses or clusters of courses normally carrying university credit at the first and second year level. They require secondary school completion or equivalent for entry. They may lead to an Associate or Baccalaureate degree.

Upper division. These are courses or clusters of courses normally carrying university credit at the third, fourth or fifth year level. They require lower division credits or equivalent for entry. They lead to Baccalaureate degrees. Upper division also includes post-baccalaureate degrees, which require a baccalaureate for entry, but do not lead to a higher degree.

Respondent	A former student who responded to the 1999 BC College or Institute Outcomes Survey. Out of the 33,852 students surveyed, there were 16,681 respondents.
Standard Industrial Classification (SIC)	Industries are defined by the type of production (goods or services) an organization is involved in. The industry classification used in this report was the Standard Industrial Classification (SIC).
Training-related occupations	Occupations that the respondent describes as "very" or "somewhat" related to the respondent's previous studies.
Unable to contact	Former students who (1) were deceased, (2) could not be reached by telephone, i.e. respondent was unknown at given phone number, (3) did not have a current phone number, or a current phone number that could be obtained, or, (4) were no longer living in North America.
Unemployed	Respondents who were not employed at a job or business at the time of the interview, but who were looking for work.
Unemployment rate	The unemployment rate represents the number of unemployed respondents expressed as a percentage of the labour force. The unemployment rate for a particular group (age, sex, marital status, etc.) is the number unemployed in that group expressed as a percentage of the labour force for that group.

Appendix 2
Response Rates by Institution

The provincial survey response rates for the 1999 BC College and Institute Student Outcomes Survey are shown, by institution, below.

1999 BC College and Institute Student Outcomes Survey Response Rates, By Institution

	Cohort Population[1]	Completed Questionnaires	Incomplete Questionnaires			Response Rate
			Out-of-scope	Refused to Participate	Unable to contact	
British Columbia Institute of Technology (BCIT)	3,622	2,071	3	231	1,317	57%
Camosun College	3,280	1,605	5	224	1,446	49%
Capilano College	1,749	791	-	87	871	45%
College of New Caledonia (CNC)	1109	626	-	45	438	56%
College of the Rockies (COTR)	436	197	-	25	214	45%
Douglas College	2,819	1,370	6	169	1,274	49%
Emily Carr Institute of Art and Design (ECIAD)	129	40	-	-	89	31%
Justice Institute	284	97	-	18	169	34%
Kwantlen University College	2,791	1,604	4	197	986	57%
Langara College	2,013	932	-	140	941	46%
Malaspina University-College	3,104	1,285	-	163	1,656	41%
Nicola Valley Institute of Technology (NVIT)	89	43	-	2	44	48%
North Island College (NIC)	1045	507	-	62	476	49%
Northern Lights College (NLC)	381	181	-	22	178	48%
Northwest Community College	442	203	-	18	221	46%
Okanagan University College	2,469	1,139	-	113	1,217	46%
Open Learning Agency (OLA)	296	124	-	12	160	42%
Selkirk College	1,001	496	-	45	460	50%
University College of the Cariboo (UCC)	2,464	1,180	-	115	1,169	48%
University College of the Fraser Valley (UCFV)	1,810	890	-	121	799	49%
Vancouver Community College (VCC)	2,519	1,300	4	141	1,074	52%
Grand Total	33,852	16,681	22	1,950	15,199	49%

[1] All former students identified by participating colleges and institutes for the survey.

Appendix 3
CIP Codes Roll-Up to Program Area
Presented by Program Area

The first two digits of the CIP code were used to create the fifteen broad "Program Areas". A list of the first two digits of the CIP code and the CIP code description follows.

Appendix 3 CIP* Codes Roll-Up to Program Area

Program Area: Adult Basic Education and Basic Skills

CIP	Description
21	Technology Education/Industrial Arts
32	Basic Skills
33	Citizenship Activities
34	Health-Related Knowledge and Skills
35	Interpersonal and Social Skills
36	Leisure and Recreational Activities
37	Personal Awareness and Self-Improvement
53	High School/Secondary Diplomas and Certificates

Program Area: Agriculture, Natural Resources and Science Technologies

CIP	Description
01	Agricultural Business and Production
02	Agricultural Sciences
03	Conservation and Renewable Natural Resources
41	Science Technologies

Program Area: Arts and Sciences

CIP	Description			
05	Area, Ethnic and Cultural Studies			
16	Foreign Languages and Literatures			
23	English Language and Literature/Letters			
24	Liberal Arts and Studies, General Sciences and Humanities			
26	Biological Science/Life Sciences			
27	Mathematics			
30	Multi/Interdisciplinary Studies			
38	Philosophy and Religion			
39	Theological Studies and Religious Vocations			
40	Physical Sciences			
42	Psychology			
45	Social Sciences and History	Excluding	450401	Criminology

Program Area: Business and Management

CIP	Description			
08	Marketing Operations/Marketing and Distribution			
52	Business Management and Administrative Services	Excluding	5209	Hospitality Services Management

Program Area: Communications

CIP	Description
09	Communications
10	Communications Technologies

* Classification of Instructional Programs

Appendix 3 CIP* Codes Roll-Up to Program Area

Program Area: Computer and Information Services

CIP	Description
11	Computer and Information Sciences

Program Area: Construction and Precision Production

CIP	Description
04	Architecture and Related Programs
46	Construction Trades
48	Precision Production Trades

Program Area: Education and Library Science

CIP	Description
13	Education
25	Library Science

Program Area: Engineering, Electrical and Electronics

CIP	Description
14	Engineering
15	Engineering-Related Technologies

Program Area: Health Related

CIP	Description			
51	Health Professions and Related Sciences	Excluding	5116	Nursing

Program Area: Legal and Social

CIP	Description			
19	Home Economics, General			
20	Vocational Home Economics	Only	2001	Consumer & Homemaking Education
		Only	2002	Child Care & Guidance Workers & Managers
22	Law and Legal Studies			
43	Protective Services			
44	Public Administration and Services			
45	Social Sciences and History	Only	450401	Criminology

Program Area: Mechanical and Related

CIP	Description
47	Mechanics and Repairers

Program Area: Nursing

CIP	Description			
51	Health Professions and Related Sciences	Only	5116	Nursing

* *Classification of Instructional Programs*

Appendix 3 CIP* Codes Roll-Up to Program Area

Program Area: Recreation, Tourism, Hospitality and Service

CIP	Description			
12	Personal and Miscellaneous Services			
20	Vocational Home Economics	Excluding	2001	Consumer & Homemaking Education
		Excluding	2002	Child Care & Guidance Workers & Managers
31	Parks, Recreation, Leisure and Fitness Studies			
52	Business Management and Administrative Services	Only	5209	Hospitality Services Management

Program Area: Transportation

CIP	Description
49	Transporation and Material Moving Workers

Program Area: Visual, Performing and Fine Arts

CIP	Description
50	Visual and Performing Arts

* *Classification of Instructional Programs*

Appendix 4 National Occupational Classification Matrix

	1 BUSINESS FINANCE AND ADMINISTRATION OCCUPATIONS	2 NATURAL AND APPLIED SCIENCES AND RELATED OCCUPATIONS	3 HEALTH OCCUPATIONS	4 OCCS IN SOCIAL SCIENCE, EDUCATION, GOVERNMENT SERVICE AND RELIGION
	– Major Group 00 – SENIOR MANAGEMENT OCCUPATIONS 001 Legislators and Senior Management			
MANAGEMENT OCCUPATIONS	011 Administrative Managers 012 Managers in Financial and Business Services 013 Managers in Communication Except Broadcasting)	021 Managers in Engineering Architecture, Science and Information Systems	031 Managers in Health Education Social and Community Services 041 Managers in Public Administration	
SKILL LEVEL A University Degree	**Major Group 11** PROFESSIONAL OCCUPATIONS IN BUSINESS AND FINANCE 111 Auditors, Accountants and Investment Professionals 112 Human Resources and Business Service Professionals	**Major Group 21** PROFESSIONAL OCCUPATIONS IN NATURAL AND APPLIED SCIENCES 211 Physical Science Professionals 212 Life Science Professionals 213 Civil, Mechanical, Electrical and Chemical Engineers 214 Other Engineers 215 Architects, Urban Planners and Land Surveyors	**Major Group 31** PROFESSIONAL OCCUPATIONS IN HEALTH 311 Physicians, Dentists and Veterinarians 312 Optometrists, Chiropractors and Other Health Diagnosing and Treating Professionals 313 Pharmacists, Dietitians and Nutritionists 314 Therapy and Assessment Professionals	**Major Group 41** PROFESSIONAL OCCUPATIONS IN SOCIAL SCIENCE, EDUCATION, GOVERNMENT SERVICES AND RELIGION 411 Judges, Lawyers and Quebec Notaries 412 University Professors and Assistants 413 College and Other Vocational Instructors
SKILL LEVEL B College Certificate or Two or Four Years of Apprenticeship	**Major Group 12** SKILLED ADMINISTRATORS AND BUSINESS OCCUPATIONS 121 Clerical Supervisors 122 Administrative and Regulatory Occupations 123 Finance and Insurance Administrative Occupations 124 Secretaries, Recorders and Transcriptionists	**Major Group 22** TECHNICAL OCCUPATIONS RELATED TO NATURAL AND APPLIED SCIENCES 221 Technical Occupations in Physical Sciences 222 Technical Occupations in Life Sciences 223 Technical Occupations in Civil, Mechanical and Industrial Engineering 224 Technical Occupations in Electronics and Electrical Engineering 225 Technical Occupations in Architecture, Drafting, Surveying and Mapping 226 Other Technical Inspectors and Regulatory Officers	**Major Group 32** TECHNICAL AND SKILLED OCCUPATIONS IN HEALTH 321 Medical Technologists and Technicians (except Dental Health) 322 Technical Occupations in Dental Health Care 323 Other Technical Occupations in Health Care (Except Dental)	**Major Group 42** PARAPROFESSIONAL OCCUPATIONS IN LAW, SOCIAL SERVICES, EDUCATION AND RELIGION 421 Paralegals, Social Services Workers and Occupations in Education and Religion, n.e.c.
SKILL LEVEL C Up to Two Years On-the-Job Training or Some Secondary	**Major Group 14** CLERICAL OCCUPATIONS 141 Clerical Occupations, General Office Skills 142 Office Equipment Operators 143 Finance and Insurance Clerks 144 Administrative Support Clerks 145 Library, Correspondence and Related Information Clerks 146 Mail and Message Distribution Occupations 147 Recording, Scheduling and Distributing Occupations		**Major Group 34** ASSISTING OCCUPATIONS IN SUPPORT OF HEALTH SERVICES 341 Assisting Occupations in Support of Health Services	
SKILL LEVEL D Little or No Secondary or Short On-the-Job Training				

5 OCCUPATIONS IN ART CULTURE, RECREATION AND SPORT	6 SALES AND SERVICE OCCUPATIONS	7 TRADES, TRANSPORT AND EQUIPMENT OPERATORS & REL. OCCUPATIONS	8 OCCUPATIONS UNIQUE TO PRIMARY INDUSTRY	9 OCCUPATIONS UNIQUE TO PROCESSING, MANUFACTURING AND UTILITIES
– Major Group 00 – SENIOR MANAGEMENT OCCUPATIONS 001 Legislators and Senior Management				
051 Managers in Art, Culture Recreation and Sport	061 Sales, Marketing and Advertising Managers 062 Managers in Retail Trade 063 Managers in Food Service and Accommodation 064 Managers in Protective Service 065 Managers in Other Services	071 Managers in Construction and Transportation 072 Facility Operation and Maintenance Managers	081 Managers in Primary Production (Except Agriculture)	091 Managers in Manufacturing and Utilities
Major Group 51 PROFESSIONAL OCCUPATIONS IN ART AND CULTURE 511 Librarians, Archivists, Conservators and Curators 512 Writing, Translating and Public Relations Professionals 513 Creative and Performing Artists				
Major Group 52 TECHNICAL AND SKILLED OCCUPATIONS IN ART, CULTURE, RECREATION AND SPORT 521 Technical Occupations in Libraries, Archives, Museums and Galleries 522 Photographers, Graphic Arts Technicians and Technical Occupations in Motion Pictures roadcasting and the Performing Arts 523 Announcers and Other Performers 524 Creative Designers and Craftpersons	**Major Group 62** SKILLED SALES AND SERVICE OCCUPATIONS 621 Sales and Service Supervisors 622 Technical Sales Specialists, Wholesale Trade 623 Insurance and Real Estate Occupations and Buyers 624 Chefs and Cooks 625 Butchers and Bakers 626 Police Officers and Firefighters 627 Technical Occupations in Personal Service	**Major Group 72/73** TRADES AND SKILLED TRANSPORT AND EQUIPMENT OPERATORS 721 Contractors and Supervisors, Trades and Related Workers 722 Supervisors, Railway and Motor Transportation Occupations 723 Machinists and Related Occupations 724 Electrical Trades and Telecommunication Occupations 725 Plumbers, Pipefitters and Gas Fitters 726 Metal Forming, Shaping and Erecting Occupations	**Major Group 82** SKILLED OCCUPATIONS IN RIMARY INDUSTRY 821 Supervisors, Logging and Forestry 822 Supervisors, Mining, Oil and as 823 Underground Miners, Oil and Gas Drillers and Related Workers 824 Logging Machine Operators 825 Contractors, Operators and Supervisors in Agriculture, Horticulture and Aquaculture 826 Fishing Vessel Masters and Skippers and Fishermen/women	**Major Group 92** PROCESSING, MANUFACTURING AND UTILITIES SUPERVISORS AND SKILLED OPERATORS 921 Supervisors, Processing Occupations 922 Supervisors, Assembling and Fabricating 923 Central Control and Process Operators in Manufacturing and Processing
	Major Group 64 INTERMEDIATE SALES AND SERVICE OCCUPATIONS 641 Sales Representatives, Wholesale Trade 642 Retail Salespersons and Sales Clerks 643 Occupations in Travel and Accommodation 644 Tour and Recreational Guides and Amusement Occupations 645 Occupations in Food and Beverage Service 646 Other Occupations in Protective Service 647 Childcare and Home Support Workers 648 Other Personal Services	**Major Group 74** INTERMEDIATE OCCUPATIONS IN TRANSPORT EQUIPMENT OPERATION, INSTALLATION AND MAINTENANCE 741 Motor Vehicle and Transit Drivers 742 Heavy Equipment Operators 743 Other Transport Equipment Operators and Related Workers 744 Other Installers, Repairers and Servicers 745 Longshore Workers and Material Handlers	**Major Group 84** INTERMEDIATE OCCUPATIONS IN PRIMARY INDUSTRY 841 Mine Service Workers and Operators in Oil and Gas Drilling 842 Logging and Forestry Workers 843 Agriculture and Horticulture Workers 844 Other Fishing and Trapping Occupations	**Major Group 94** PROCESSING AND MANUFACTURING MACHINE OPERATORS AND ASSEMBLERS 941 Machine Operators and Related Workers in Metal and Mineral Products Processing 942 Machine Operators and Related Workers in Chemical, Plastic and Rubber Processing 943 Machine Operators and Related Workers in Pulp and Paper Production and Wood Proc. 944 Machine Operators and Related Workers in Textile Processing 945 Machine Operators and Related Workers in Fabric, Fur and Leather Products Manuf.
	Major Group 66 ELEMENTAL SALES AND SERVICE OCCUPATIONS 661 Cashiers 662 Other Sales and Related Occupations 663 Elemental Medical and Hospital Assistants 664 Food Counter Attendants and Kitchen Helpers 665 Security Guards and Related	**Major Group 76** TRADES HELPERS, CONSTRUCTION LABOURERS AND RELATED OCCUPATIONS 761 Trades Helpers and Labourers 762 Public Works and Other Labourers, n.e.c.	**Major Group 86** LABOURERS IN PRIMARY INDUSTRY 861 Primary Production Labourers	**Major Group 96** LABOURERS IN PROCESSING, MANUFACTURING AND UTILITIES 961 Labourers in Processing, Manufacturing and Utilities
